India Endangered - Episode Series

English and Hindi | 2010 | 00:23:40

SYNOPSIS

“India Endangered” is a five-part environmental series on India’s threatened ecosystems - the river Yamuna, elephants, vanishing coastlines, the tiger and the endangered city of Mumbai. The NewsX team criss-crosses different parts of the country to investigate the depth of the problem and understand its ripple effect on ecosystems and mankind.

Kiran - Joy of Giving

English | 2010 | 00:07:08

SYNOPSIS

This documentary features Dr Dipayan De, a bio-technologist and professor of Environment Science. Dr De couldn’t just watch East Kolkata’s Wetlands (EKW) and waste recycling region - Kolkata’s carbon sink, disappear into the greedy mouths of land sharks. He chose to live among locals and find solutions to save this ecological marvel from extinction.

PVR Nest Cine Art 2010

English and Hindi | 2010 | 00:24:42 | DV CAM

SYNOPSIS

Two hundred children, from privileged and disadvantaged sections of Delhi NCR, participated in the Eco-Cineart programme to make 10 short films. Themes were water, trees, pollution, recycling, carbon footprint etc. And the children told amazing stories of how they relate to the environment, not necessarily how it is defined in school books.

Sandesh Kadur

Biography

Sandesh Kadur has a passion for visual imagery. He has made his mark as a wildlife photographer and documentary filmmaker. His films have been shown on television networks such as National Geographic, BBC, Discovery and Animal Planet. His documentary, "Mountains of the Monsoon" drew attention to one of India's biodiversity hotspots, the Western Ghats, a region where Sandesh has done much work and which is the subject of his highly-illustrated book "Sahyadris: India's Western Ghats - A Vanishing Heritage". He is founder and director of Felis Creations, a visual-arts company based in India, which focuses on creating content that inspires conservation.

North - Eastern Diaries

English | 2010 | 00:18:41 | DVCPRO and HDPAL

Nominated

SYNOPSIS

Join Sandesh Kadur as he goes on a mission to document the natural and cultural treasures of the eastern Himalayas. For years, this region was considered too volatile, too dangerous, to allow outsiders. As a result, very little was known of the wildlife and people of this region. In this series of short films, Kadur, a wildlife photographer explores these remote regions on a quest to document some of the rare inhabitants from golden langurs to clouded leopards, in a hitherto unseen region of India. Episode 1: Kaziranga - Land of the Rhino and the Tiger, captures the story and the relationship of these two animals found in North-eastern India.

The Jungle Gang Meets the Rhino

English | 2009 | 00:16:32 | MINI DV

Nominated

SYNOPSIS

"The Jungle Gang Meets the Rhino" is the first episode of the series "The Jungle Gang". It is the first wildlife Indian film made exclusively for children. The film seeks to expose them to India's diverse flora and fauna and encourage them to actively participate in wildlife conservation. The film has three animated animal characters - the bar-headed geese, slender loris and a black buck - which bring the flavour of three different habitats of India. As three friends, they travel together to Kaziranga National Park, to know more about the great indian rhinoceros, its habitat, threats and conservation efforts, which have saved it from extinction.

The Pack - 5 Episodes

English | 2009 | 01:20:00 | HD

Nominated

SYNOPSIS

Asiatic wild dogs or dhole, until a few decades ago, were branded as bloody killers and were mercilessly slaughtered to near extinction. Senani, a wildlife filmmaker and naturalist, tracked dhole in the Nilgiri Biosphere Reserve of south India, for over fifteen years. He finally manages to enter their private lives and unravel their secrets. This is the story of Kennai, the red dog, who becomes his particular fascination. When Kennai was very young, her mother was killed by a tiger. Kennai decides to leave her natal pack, in search of her future. This fascinating series is a gripping story of a great survivor, backed by a several hair-raising sequences.
