FESTIVAL SCHEDULE

DEHRADUN: July 30-August 4

JAIPUR: September 3-8

GOA: October 1-6

HYDERABAD: October 4-19

KOLKATA: December 3-8

Why this Schedule?

The year 2012 will see India hosting a very important meeting relating to the United Nations Convention on Biological Diversity (CBD) - the 11th Conference of Parties - at Hyderabad, from October 8-19.

This meeting is very important because it is the first conference of the CBD process after the United Nations declared 2011 to 2020 as the 'Decade for Biodiversity'.

Hyderabad CMSVATAVARAN Biodiversity film festival and forum, incorporating the best of world's biodiversity films, will be one of the important event for the delegates of CoP-11.

These facts are hardly known outside environmentalist circles. CMS VATAVARAN wants to change that.

Purposive platform

Who can participate to make the CMS VATAVARAN travelling film festival a success? **Everybody else, and you.**

Development Sector

- Organisations working on environment and sustainable development, climate change, livelihoods, ecotourism, natural heritage, energy, water, agriculture and sustainable technologies.

About the Organiser

CMS is a multi-disciplinary, research and facilitative think-tank. We endeavor to work towards equitable development and transparency in governance through research, advocacy and capacity building. www.cmsindia.org

The **CMS Environment Team** has been involved multifariously in policy research and programmes evaluation aimed at creating sustainable solutions for environment protection. The team's thematic focus is on climate change, low carbon practices, biodiversity, conservation and livelihoods, sustainable eco-tourism, drinking water and sanitation.

India's premier film festival and forum on wildlife and environment, **CMS VATAVARAN** is an initiative of the eclectic CMS Environment Team.
